Captain Ray Sullivan  
Commanding Officer  
Boca Chica Naval Air Station  
Key West, Florida 33040-1056

Dear Captain Sullivan:

Now that the FBIS housing project is complete and our people have moved into their new quarters, I would like to take this opportunity on behalf of the Foreign Broadcast Information Service to thank you for your assistance in making this possible.

When we decided back in 1981 to explore the possibility of building our own housing, we knew we could never do so without the cooperation and assistance of the Navy. Thanks to the efforts of your people, we were able to complete the project and get our people housed. Key West Bureau now looks forward to the use of these houses which should certainly help us attract and keep good people in Key West.

My bureau chief on Truman Annex, [ ] has kept me fully informed on this and other projects we are pursuing in full coordination with the Navy. We all look forward to a continuing beneficial relationship that furthers each of our missions.

Thank you again for your continued excellent support to our Key West facility.

Sincerely,
